The diagram illustrates a dependency relationship in a C++ project. At the top, a grey rectangular box represents the header file: `IUTFood-Project-client` and `-codes/IUTFoodServer/ordermanager.h`. Below this, two white rectangular boxes represent source files. The left box contains `IUTFood-Project-client` and `-codes/IUTFoodServer/ordermanager.cpp`. The right box contains `IUTFood-Project-client` and `-codes/IUTFoodServer/server.cpp`. Two blue arrows point from the bottom-right corner of the left box and the bottom-left corner of the right box towards the bottom edge of the top box, indicating that both source files include or depend on the header file.
