

Customer::setAddress

```
graph LR; A[Customer::setAddress] --> B[Customer::addressChanged]; B --> B;
```

The diagram consists of two rectangular boxes. The left box is gray and contains the text 'Customer::setAddress'. The right box is white and contains the text 'Customer::addressChanged'. A straight blue arrow points from the right side of the gray box to the left side of the white box. A curved blue arrow starts from the top of the white box and points back to the top of the same box, indicating a self-call or loop.

Customer::addressChanged
