

Restaurant::setImageUrl

```
graph LR; A[Restaurant::setImageUrl] --> B[Restaurant::imageUrlChanged]; B --> B;
```

The diagram illustrates a sequence of events. It begins with a gray rectangular box containing the text 'Restaurant::setImageUrl'. A straight blue arrow points from the right side of this box to the left side of a white rectangular box with a black border, which contains the text 'Restaurant::imageUrlChanged'. From the right side of the white box, a curved blue arrow loops back to its left side, indicating a self-call or a recursive action.

Restaurant::imageUrlChanged
