```
graph BT; A["IUTFood-Project-client<br>-codes/IUTFoodServer/manager.cpp"] --> C["IUTFood-Project-client<br>-codes/IUTFoodServer/manager.h"]; B["IUTFood-Project-client<br>-codes/IUTFoodServer/server.cpp"] --> C;
```

The diagram illustrates a dependency relationship in a C++ project. At the top, a grey rectangular box represents the header file `manager.h`. Below it, two white rectangular boxes represent source files: `manager.cpp` on the left and `server.cpp` on the right. Two blue arrows point from the source files up to the header file, indicating that both source files include or depend on the header file.
